AIMS AND SCOPE OF EURO-TRANS-DAYS

EURO-TRANS_Days is a matchmaking event aiming at encouraging, facilitating and enhancing cooperation between SMEs and the major European R&D players and Industrial Stakeholders of Surface Transport (road, rail, waterborne and intermodality).

EURO-TRANS_Days will focus on :

- announcement of topics/research areas of the 2nd Surface Transport call
- first call results including SME participation
- tips and recommendations for SMEs participation in Surface Transport of FP 7
- project preparing issues
- project management and coordination issues
- partnering meetings
- individual coaching appointments

During the conference you can :

- present your project idea for collaborative and transnational cooperation
- present your successful project
- offer your technology for industry
- express your technology need
- search for partners
- promote your organization (e.g. using posters)
- meet project coordinators and experts

Target audience :

SMEs, large companies, research institutes

Speakers :

European Commission (eg. DG Research, DG TREN), European Technology Platforms (ERRAC, ERTRAC, EIRAG, WATERBORNE), European Associations (Clepa, EARPA, EMEC, COREDES, UNIFE, UIC, EIA, CONNEKT)

More information and registration from March 31st on :

www.euro-trans.info

Contacts :

Mr Zbigniew TUREK, IPPT : zbigniew.turek@kpk.gov.pl (+48 228 28 7495)

Ms Ineke PETIT, OSEO innovation : ineke.petit@oseo.fr (+33 1 41 79 91 32)

This event is organised in the framework of the European Project EURO-TRANS-days funded by DG Research (thematic priority Surface Transport).
